

3.4.2 Awards and recognitions received for extension activities from government/ government recognised bodies

In addition to the academic commitment of the institution, extension activities are the voluntary efforts of educational institutions toward social development through a variety of activities like raising the educational standards of underprivileged groups, adult education programs, environmental awareness, ecological conservation, health awareness, healthcare, and sanitation, and adopting a village for holistic development. Extension activities are motivated by ethical excellence. Understanding the social responsibility, gratification of institutional social responsibility through enhanced extension activities will take the institution to eminence on the part of the society where it is located.

The Gonna Institute of Information Technology (GIITS) is proud to conduct a number of extracurricular activities for the benefit of the local community. This institution firmly believes that extracurricular activities will provide students with opportunities for social participation and will help to empower the community. The following programs involving student and faculty volunteers have been carried out by GIITS under the auspices of the National Service Scheme and Unnat Bharat Abhiyaan: Swachh Bharath, Voter's Day awareness and festivities, Tree Plantation Program, Legal Awareness Program, Blood Donation Camp, Digital Financial Literacy Program, Clean and Green Initiatives. Women empowerment programme created awareness among the girl students to exercise their rights. The NSS unit functions under the guidance of a Faculty NSS Officer. The NSS wing of college focuses on providing access and opportunities to underprivileged children in health and education. The very purpose of conducting these activities are many folds. To create awareness of health, need of maintaining clean environment, to enlighten the adverse effects of plastic on health of humans. By involving students in these activities, they will come to know the need of upliftment of villages, their responsibility as engineers, need of literacy and how to make rural population to come out of some unsustainable practices. They even had placards and posters written about the importance of cleanliness on it. The volunteers also organised a mass cleanliness drive in the campus. Classrooms, labs, corridors, library, toilets and premises were cleaned as part of it. NSS volunteers also observed Swachh Bharat Pakhwada by taking pledge to keep their surroundings clean. Several programmes were formulated including rallies in the cities, toilet cleaning, distribution of hand wash to public.

On implementing the above NSS activities, our college students and faculty members are well appreciated by some Government organizations and government recognized bodies for their commitment to the social upliftment by conducting various Programs. The NSS unit of this college have received several awards and recognitions for Community based NSS services in rural areas during the 2018-2023 academic years. The NSS unit of Gonna Institute of Information Technology has received a total of 21 awards/recognitions in the past five consecutive academic years.

Sir,

National Service Scheme (NSS) unit of Gonna Institute of Information Technology and Sciences to express our heartfelt appreciation for your valuable support and participation in the **Vanam Manam** program conducted at **9th March 2020** at **Lemerthi**. Your active participation in the program not only contributed to the greening of our environment but also raised awareness about the importance of tree plantation and its positive impact on our ecosystem. The Vanam Manam Plantation Program would not have been as successful without your invaluable support and hard work.

We sincerely hope that you will continue to support such initiatives in the future and be
